

**Dr. Timothy Carter**

Executive Vice President - Weapons & Missiles

Dr. Timothy Carter is the Executive Vice President of Weapons & Missiles at Saudi Arabian Military Industries (SAMI). He leads SAMI's Weapons & Missiles Division in serving weapons, missiles, and ammunition customer segments in alignment with Vision 2030 and SAMI's overall corporate strategy. He has more than 30 year's experience in several executive positions within Lockheed Martin, Northrop Grumman (Formerly ATK), and the United States Navy leading and managing aerospace and defense weapons, missiles and ammunition related programs.
